The Association for Information Systems (AIS) serves society through the advancement of knowledge and the promotion of excellence in the practice and study of information systems. AIS is the premier professional association for individuals and organizations who lead the research, teaching, practice, and study of information systems worldwide.
ABOUT SIGHCI

AIS SIGHCI is the Special Interest Group on Human-Computer Interaction (HCI) that is affiliated with the Association for Information Systems (AIS). Founded in July 2001, SIGHCI was one of the first six officially sanctioned SIGs by the AIS.

SIGHCI’S MISSION

☑️ To facilitate the exchange, development, communication, and dissemination of information among AIS members.

☑️ To promote research related to human-computer interaction within business, managerial, and organizational contexts among AIS members and to the larger community of practitioners and scholars.
Building on past pre-ICIS HCI Research in MIS workshops as well as the tremendous interest in broad HCI issues exhibited by MIS colleagues, the AIS SIGHCI will hold its 20th annual pre-ICIS HCI research workshop prior to ICIS 2021 on Sunday, December 12, 2021. This year the workshop will be held in a hybrid format.
